Storm Jamb is extruded into the window frame.

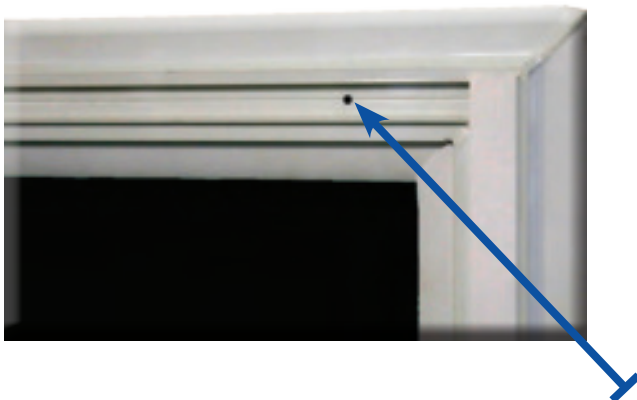

Storm Jamb is a revolutionary code compliant and economical new way of protecting windows during a Storm.

Storm Jamb meets the provisions of the 2012 IRC/IBC for corrosion resistant anchors.

Eliminates the need to address various siding conditions when installing anchors.

Eliminates the need to offset shutters for permanent anchor clearance.

## Storm Jamb Features

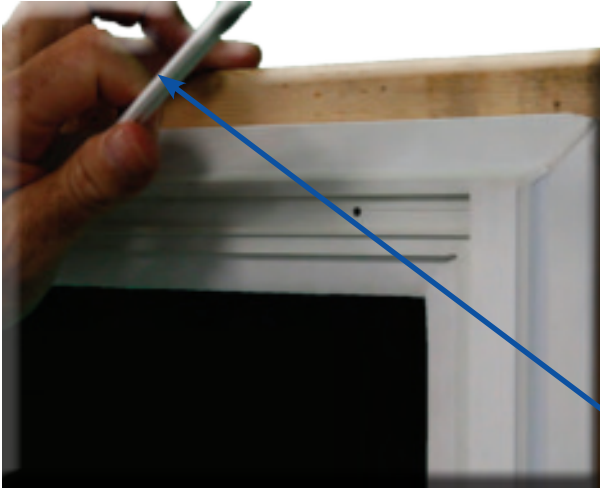

- ▶ Concealed Permanent Points of Attachment
- ▶ Economical storm protection
- ▶ Storm Jamb is extruded into the window frame
- ▶ Provides corrosion resistant attachment
- ▶ Decorative Cover Strips cover the attachments
- ▶ Decorative Cover Strips are removable
- ▶ Zinc plated screws are provided to securely hold the storm protection fabric panels and allow multiple deployments

## Storm Jamb Benefits

- ▶ Code Compliant
- ▶ Tested and Approved for panels with hurricane protection
- ▶ DP 50 rated
- ▶ Meets the provisions of the 2012 IRC/IBC
- ▶ Storm Jamb allows for quick and easy installation for your storm protection fabric panels
- ▶ Approved panels are supplied with the windows
- ▶ Pre-drilled holes are supplied with the panels making them easy to install

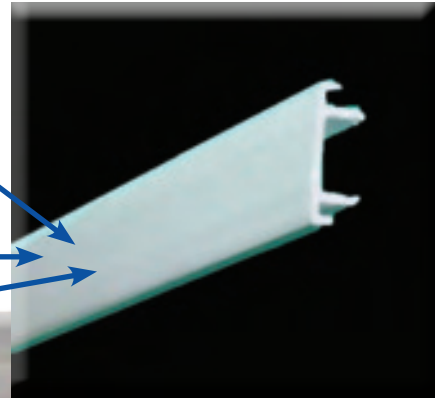

## Removable Cover Strips are factory installed on Storm Jamb Windows.

Decorative removable Cover Strips are factory installed on Storm Jamb Windows.

Cover Strips aesthetically conceal the Storm Jamb. When installing the storm protection fabric panels, remove the cover strips and replace after the winds subside.

Storm Jamb allows for fast and easy installation of your protective panels.

DECORATIVE CAPS

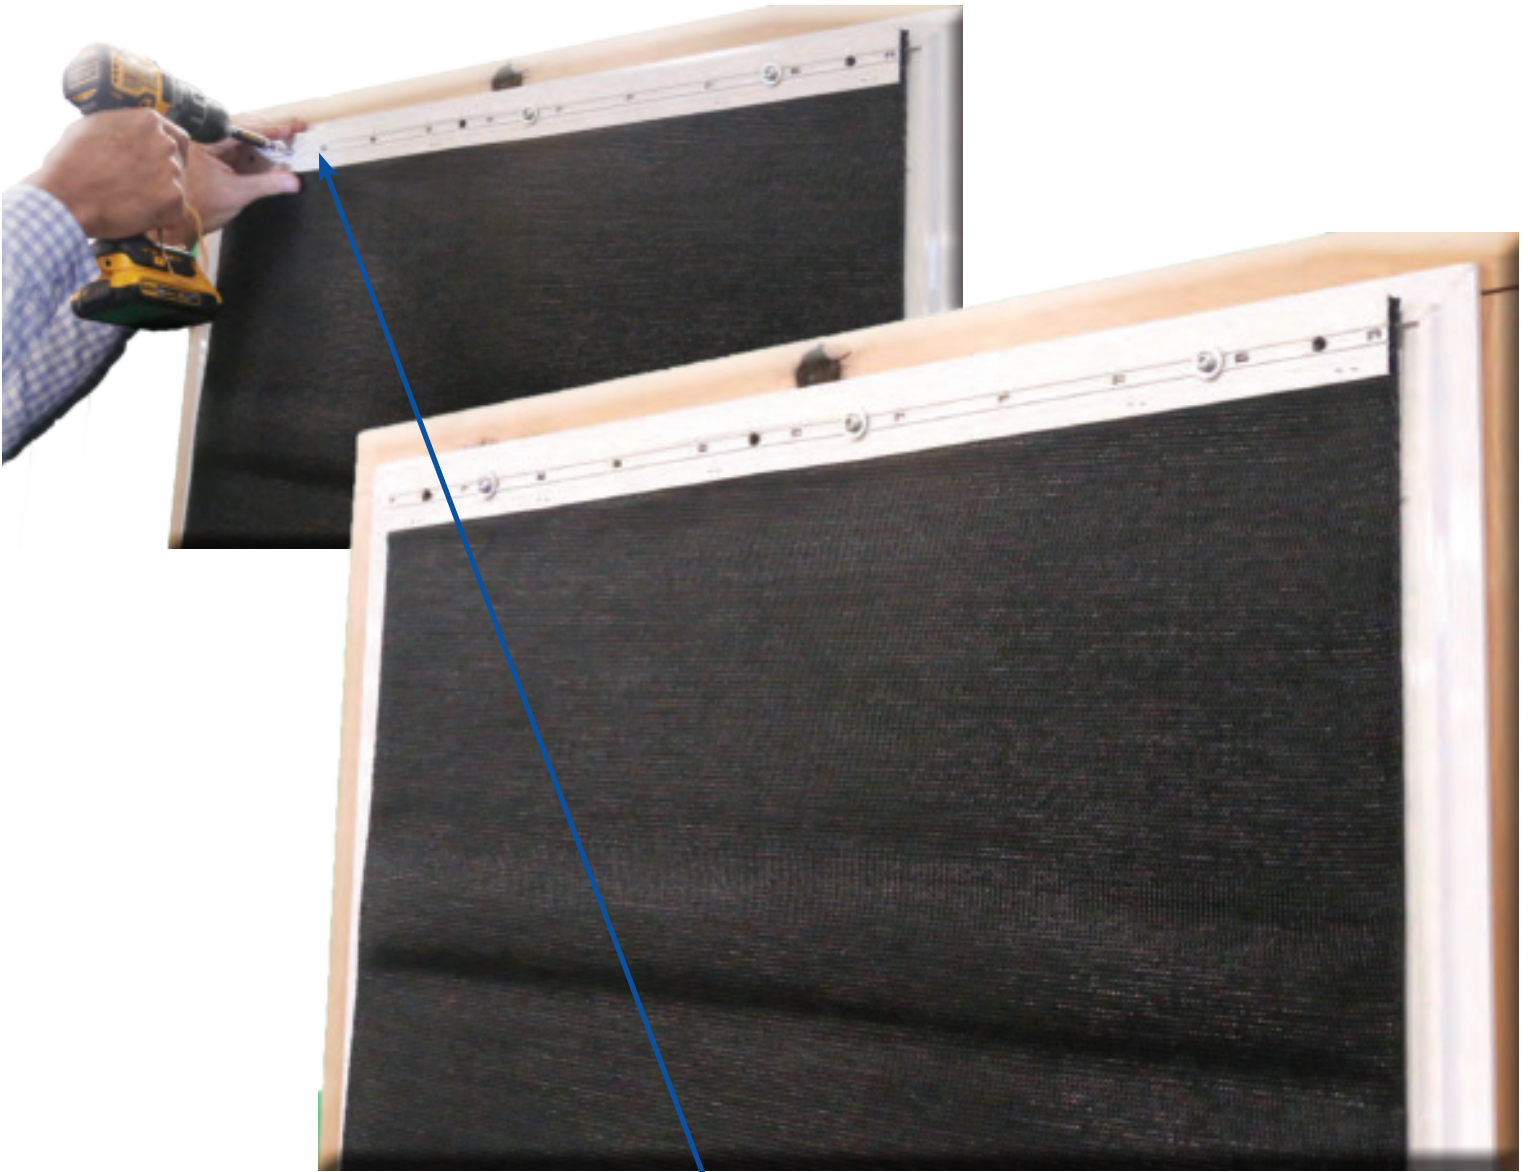

## Storm Jamb Advantages

- ▶ After market hurricane anchor requirement is eliminated.
- ▶ Eliminates the need to offset shutters for permanent anchor attachments.
- ▶ Eliminates the need to address various siding conditions when installing other anchors.
- ▶ Eliminates additional labor cost and trim material cost.
- ▶ Storm Jamb Permanent anchors are extruded into the window frame.
- ▶ No unsightly permanent attachment hardware is visible from the street.
- ▶ Storm Jamb Windows are a substantial cost savings over windows with Impact Glass.
- ▶ Provides homeowners with peace of mind at an affordable price.

## Fabric is supplied for each window.

Storm protection fabric panels are supplied for each window with holes pre-drilled aligning with the Storm Jamb in your window for easy installation.

Clear coated zinc plated screws are provided with each window to hold your panels securely. Use only these screws. Use of other screws may damage the Storm Jamb and void the warranty.
